PROFESSIONAL SUMMARY

Results-driven Data Analyst with 3 years of experience in SQL, Python, and Power BI. Strong expertise in data cleaning, EDA, KPI reporting, dashboard development, and data modeling. Proficient in CTEs, Joins, Subqueries, Window Functions, and DAX.

TECHNICAL SKILLS

Python (Pandas, NumPy, EDA)
Power BI (DAX, Dashboards, KPI Cards, Drill-through)
SQL (Joins, CTEs, Subqueries, Window Functions, Stored Procedures, Views, Triggers, Aggregations)
Data Cleaning, EDA, A/B Testing, Funnel Analysis
Star Schema, KPI Metrics
Excel (Advanced), Analytical Reporting

PROFESSIONAL EXPERIENCE

Infosol Technosol – Data Analyst | May 2023 – Present

- Data cleaning and preprocessing using Python (Pandas)
- Performed Exploratory Data Analysis (EDA) to identify trends and patterns
- Wrote optimized SQL queries using CTEs, Joins, Subqueries, and Window Functions
- Developed Power BI dashboards for data visualization and KPI reporting
- Performed data validation and reconciliation to ensure accuracy
- Collaborated with stakeholders to translate business requirements into insights

PROJECTS

Client: FirstCry – E-commerce Pricing & Funnel Analysis

- Performed funnel analysis to track user journey and identify drop-off stages
- Used SQL (CTEs, Joins, Subqueries, ROW_NUMBER) for data analysis
- Conducted A/B testing to evaluate discount impact on profitability
- Calculated metrics: conversion rate, drop-off rate, revenue, profit
- Identified scenarios where revenue increased but profit declined

Client: Awesome Chocolate – Sales Analysis Dashboard

- Built interactive Power BI dashboards using star schema modeling
- Created DAX measures for KPIs like total sales and profit percentage
- Used filters, slicers, and drill-through for dynamic reporting
- Identified top-performing products and weak regions

Client: KreditBee – Customer Segmentation

- Performed data cleaning and preprocessing using Pandas
- Applied K-Means clustering for customer segmentation
- Used Elbow method and silhouette score for evaluation
- Provided insights for targeted marketing strategies

EDUCATION

B.Tech – Electrical Engineering
Sri Venkateswara College of Engineering, Tirupati

PROFESSIONAL HIGHLIGHTS

- Developed and delivered 15+ interactive Power BI dashboards for business reporting and KPI tracking
- Strong expertise in SQL (CTEs, Joins, Subqueries, Window Functions)
- Hands-on experience in Pandas-based data cleaning and EDA
- Built Power BI dashboards using DAX and KPI metrics
- Experience in A/B testing and business analytics use cases
